Two-Year Degrees					
Iowa Community Colleges	8,793	8,157	8,679	9,982	11,954

Colleges and universities report both aggregate loan debt and the number of graduates with debt who began their degree program at the reporting institution. Averages for institutional types, or sectors, represent total loan debt divided by number of students graduating with debt from institutions in that sector. Debt is reported for student loans from all sources either certified by the institution or reported to the institution by the student or lending organization. For this report, loan debt excludes Parent Loans for Undergraduate Students (PLUS loans). 2008-09 figures incorporate some institutions' preliminary estimates.
